

## EuPRAXIA Event Calendar

The EuPRAXIA Events calendar is a work tool that you will find on the EuPRAXIA facility website.

<https://www.eupraxia-facility.org/upcoming-events>

The calendar wants to collect all the events connected to all the EuPRAXIA sub-projects (Eupraxia-PP, Eupraxia DN, Eupraxia ESFRI, EUAPS).

### How to publish an event?

In order to publish your events on the website calendar, you will simply need to send a google invitation to the events to a specific ID here provided (instead of an email, as usually done).

Google Calendar ID: [c\\_ad99ed0ba851b64e3e069b5f847ab172fb94a4bae04caa954fb648a2bea9ba12@group.calendar.google.com](mailto:c_ad99ed0ba851b64e3e069b5f847ab172fb94a4bae04caa954fb648a2bea9ba12@group.calendar.google.com)

In exceptional circumstances, if you can't have a google calendar account to send invitations, you can send event details directly to [claudia.pelliccione@Inf.infn.it](mailto:claudia.pelliccione@Inf.infn.it), who will then manually add the event, but please use this option as last resort.

### How to link to personal google calendar?

In order to see the events directly on your personal google calendar, instead of going to the website calendar, please send a request of sharing the calendar to [claudia.pelliccione@Inf.infn.it](mailto:claudia.pelliccione@Inf.infn.it), providing the email linked to your google calendar.

The calendar will be then added to yours.

For comments and requests regarding the calendar, please contact  
Claudia Pelliccione: [claudia.pelliccione@Inf.infn.it](mailto:claudia.pelliccione@Inf.infn.it)
